

August is the Big Month for White Wings

WE SELL THE MOST SHOTGUNS IN AUGUST.
WE SELL THE MOST RIFLES IN AUGUST.
WE SELL THE MOST AMMUNITION IN AUGUST.
WE RENT MORE GUNS AND RIFLES IN AUGUST.
Than any other month of the year.

See us about guns and ammunition—we are headquarters. All our guns and rifles are bought direct from the factories, thereby getting the latest models, and after we unpack them we keep them in dust proof glass cases, so you never find us selling shop worn guns as new ones. Our Ammunition—well everyone knows its fresh and the best on the market, because ALL the best shooters use it. Ask ANY of them.

FOR WOMEN AND WOMEN ONLY

Much That Every Woman Desires to
Know About Sanative, Antiseptic
Cleansing and the Care of the
Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet, and economical local and constitutional treatment for weakening ulcerations, inflammations, itching, irritations, relaxations, displacements, pains, and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength, and beauty to weary women, who have been prematurely aged and invigorated by these distressing ailments, as well as such sympathetic afflictions as anemias, chlorosis, hysteria, and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made Cuticura the standard humoral remedy of the civilized world.

TORTURING HUMOR

Cured by Cuticura.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Scarcely in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well. Mrs. A. Eason, Bellevue, Mich.

Cuticura Soap, Ointment, and Pills are sold throughout the world. For full particulars, send for a free booklet to "A. Rock for Women."

THE HOSPITAL CONTRACT

Dr. Rhymes Will Have Personal Supervision of the Institution.

The board of supervisors yesterday awarded the contract for the care of the county hospital to Dr. W. J. Rhymes at \$4 cents a day for each inmate, the contractor to furnish everything in the way of supplies and provisions except such as may be obtained on the hospital farm. The call for bids specified that the contractor should give the work his personal supervision either by daily visits to the institution or by a residence at the hospital; there could be no sub-letting. Dr. Rhymes, according to the terms of his contract, which will probably be signed today, agrees to live at the hospital and devote himself entirely to the care of that institution.

There are now about forty-five inmates and that is as small a number as will probably be there at any time in the year. The number is much greater in the winter months, reaching as much as seventy-five at one time last winter. Other bidders for the contract were Dr. O. L. Mahoney and M. J. Pettit.

The board received a petition signed by ninety persons living within range of Cave creek when it is on a ram-

page, protesting against a diversion of the waters of that intermittent stream. This is in opposition to the move made some time ago by other farmers whose lands were overflowed last spring, urging the board under a law passed by the late legislature, to turn the waters clear out of the country.

The later petitioners suggest that if the Arizona canal were to proper repair it would convey all the waters of Cave creek in flood time and they urge that the board cause the south bank of the canal to be sufficiently strengthened for that purpose. But there is one thing which has not been taken into consideration by the petitioners and that is the absence of the right of the supervisors to enter upon private property and build a dyke. No action has been taken on the petition.

The board granted to the Phoenix Street Railway company a franchise for an extension of its system from Adams street at about Nineteenth avenue in a northerly and northwesterly direction to Six Points or the grounds of the Territorial Fair association. The track will in a general way parallel the track of the S. F. P. & P.

The board acted favorably on the petition of the Territorial Fair association for the vacation and closing of the streets of the recently purchased territorial fair grounds. The streets, alleys and avenues of the tract had never actually been opened but the tract had been platted and a map of it was filed showing a dedication of the thoroughfares.

A BOILER EXPLOSION

Three Were Killed Many Injured, One Fatally.

Knoxville, Tenn., Aug. 7.—A telephone message from Del Rio in Cooke county, Tenn., tells of a disastrous boiler explosion near that place this afternoon in which three men were killed and seven were injured, one fatally. The owner of the facility was a saw mill, owned by T. J. Suits and company. Fifteen men were in the boiler room when the explosion occurred, the majority being lumbermen who had been driven in by a fierce rainstorm.

The dead: HERMAN TISTLER, FRANK PLATE, JOE TURNER. Merritt Burgoyne was so badly injured that he cannot live.

Turner's mangled body was blown fully 150 yards.

UNSOLVED MYSTERY OF THE ETHER.

"Certainly, though, no sane person doubts the existence of ether, we are sorely troubled when we are asked to describe it, for we are almost forced to give it properties incompatible with one another. This you will see when I enumerate all the entities discharges it conveys the force of gravitation. It has the power of vibrating from side to side, and these vibrations, according as they are fast or slow, have the most varied results upon us. They all travel along at the same speed, which is that of light—188,000 miles a second—but the waves may not oscillate from side to side as they go, either two or three times a minute (or less), or even a million times a minute (or more). When the waves are very slow we call them electric waves. When they are a little faster we call them Hertzian waves, and telegraph across oceans with them. When a little faster we call them Blondiot rays—a new discovery which almost needs an article to itself. A little faster they are called heat rays or radiant heat. A little faster they are called red light, then yellow, and so on to violet. Then they become invisible again, as they were before, and we call them ultra-violet light. Then a little faster we

A PORTERHOUSE STEAK

that's a "porterhouse" in reality, as well as in name—tender, juicy, fine flavored—can always be had at Hurley's meat market, first, because it will be cut from a prime grade of beef, second because great care is taken in handling the meat, third because it's cut just exactly as a porterhouse should be cut. We take special pride in our steaks, but equal care is taken with everything in the meat line.

Melons and Eagle Brand Oysters.

P. T. HURLEY

call them Becquerel rays, and the fastest we know yet we call Roentgen rays. I have missed out more than I have named, and there are many gaps yet to fill, but you will agree with me that the entity whose vibrations cause electricity, heat, light and Roentgen rays, besides conveying the force of gravitation, must be a very remarkable substance. And more than that it is supposed that all ponderable matter is really made out of ether. By ponderable matter we mean matter which is subject to gravitation, and therefore, has weight. The ether itself, which conveys the gravitation, is conceived as of being without weight. "It comes to this then, that in the other modern science recognizes the most profound of all its problems, except that of consciousness. By gravitation it makes the universe one, by its movements it makes the universe alive, and it is the stuff of which the material universe is made."—Harper's Weekly.

CURED OF BOASTING.

A Frenchman was boasting that he had thoroughly mastered the English language, when he was asked to write from dictation the following specimen of our choice eccentric vernacular: "As Hugh Hughes was having a yule log from a yew tree, a man who was dressed in garments of a dark hue came up to Hugh and said: 'Have you seen my ewes?' To which Hugh replied: 'If you wait until I hew this yew tree, I will go with you to look for your ewes.'" After an attempt the Frenchman admitted his mistake. He used to imagine he was used to English speaking, but he would be more careful how he used the language in the future.—London Tri-Weekly.

Any man who consents to umpire an amateur baseball game is looking for trouble and deserves to be whipped.—Aitchison Globe.

The better way—Santa Fe.

It is your business and it is a pleasure for you to eat at Hoghe's famous Hamburger Chop House.

August

The premier month
of Bargains in

House Furnishings

During this closing month of summer it is our custom to offer at a sacrifice all the odds and ends in the various departments to clear the way for new fall stock.

This year the money saving opportunities will be many and fully up to previous years.

Watch for the prices.

DORRIS-HEYMAN FURNITURE COMPANY,

22 to 28 W. Washington St.

The Leading House Furnishers of Arizona.

Our Generous Credit

has been the foundation for many a happy home—will be for many more. If you do not live in your own home, you must, of necessity, live in someone's else home, and no other home is half so sweet or half so homelike as the one over which you are lord and master.

If you haven't the money necessary to furnish a home, that need not deter you, or hinder you from setting up the family altar, and enjoying the sweets of conjugal bliss at your own fireside. Our generous credit plan of furnishing homes IS GENEROUS beyond your expectations, so generous indeed that we will start you off with a home furnished complete if you will only promise to pay in the future.

If you already have a home and some of the furnishings are worn and need replacing, our generous credit will be gladly extended to you for anything you want.

Write to us, and we assure you your letter will receive prompt attention.

Mackie Fredericks Co.
Los Angeles, Cal.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is, unquestionably, the most successful medicine in use for bowel complaints, and it is now the recognized standard over a large part of the civilized world.

A few doses of it will invariably cure an ordinary attack of diarrhoea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

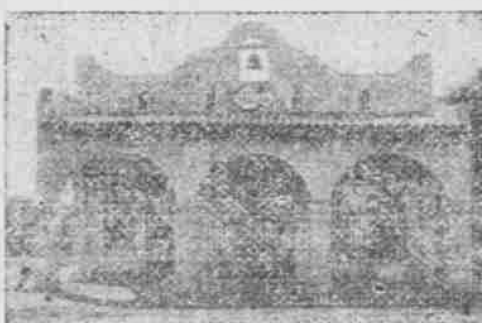

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take, which is important when medicine is to be given to small children.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

Price, 25 Cents; Large Size, 50 Cents.

ARE YOU WISE?

Here's where you win—Listen. We have cut prices on everything for the summer months. Residents and visitors alike should avail themselves of the opportunity. Come over and look for yourself. This is not a fairy tale.
